Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action dated September 13, 2002, please amend the above-identified application as follows:

**IN THE SPECIFICATION:**

**The specification is changed as follows:**

**On page 1, delete paragraph 1 and insert the following:**

The present invention relates to a synthetic resin laminate having both polarization characteristics and photochromism characteristics, and specifically to a synthetic resin laminate having good appearance and excellent optical characteristics, which is used for glare-reducing materials, such as goggles and sun glasses for sport use, and can be readily produced and processed.
